SE FA FREDDO...

STRATEGIE Bere l'acqua giusta, massaggiare il viso secondo le regole ayurvediche, scegliere creme e cosmetici ad hoc. Perché il vero nemico dell'inverno è lo smog

DI BARBARA BALLADORI. FOTO SARAH FORD

ACQUA DELLE MIE BRAME

Bere molta acqua, si sa, è un grande aiuto per idratare la pelle anche dall'interno. Ma bisogna scegliere quella giusta: siamo abituati a consumare acqua oligominerale, perché favorisce la diuresi. Ma se è vero che sgonfia e detossina, a livello idratazione non serve. Meglio puntare su un'acqua minerale naturale ricca di bicarbonati e solfati, che nutrono e rinforzano tessuti e microcircolo sottocutaneo.
